2 CONFIDENTIALITY STATEMENT

This document and any attachments thereto, regardless of form or medium, is intended only for use by the addressee(s) and may contain legally privileged and/or confidential, copyrighted, trademarked, patented, or otherwise restricted information viewable by the intended recipient only. If you are not the intended recipient of this document, please respond to the originator of this message and permanently dispose of any copies and attachments.

3 SUBMISSION DEADLINES AND METHODS

All submissions for responding to this Request must be submitted to our office, as stated below, no later than:

Submissions are accepted no later than – **Friday, 05 June, 2026, at 4pm Local Time**

The use of mail to deliver a tender will be at the respondent's risk.

Submissions sent in electronic format will be accepted through email at info@markstay-warren.ca and publicworks@markstay-warren.ca

Tenders Delivered in Person or By mail must be submitted in a sealed envelope and shall be clearly marked with the following:

- The Name and Address of the Respondent
- The Request Number
- The Project Title

Administration staff will affix on the sealed envelope:

- Date and time of receipt

Tenders Delivered Electronically must be submitted using a neutral format (i.e. PDF, Scanned image files such as .jpg) The body of the e-mail must include the following:

- The Name and Address of the Respondent
- The Request Number
- The Project Title

Administration staff will affix on the sealed envelope:

- Date and time of receipt

Staff will reply with a message indicating the response has been received.

4 SUBMISSION QUESTIONS AND CLARIFICATIONS

You may contact the following Lead Person: Ronny Theiss if you have any questions or require clarification on any topics covered in this Request for Proposal.

Any revisions to the proposal or questions which may give any proponent an advantage in the bidding process will be posted on the web site on the bid page.

All questions and answers will be posted through our Web Site.

5 SUBMISSION DELIVERY ADDRESS,

The delivery address to be used for all submissions is:

Municipality of Markstay-Warren
21 Main Street, South
P.O. Box 79
Markstay, ON, P0M 2G0
Tel: 705-853-4536
Fax: 705-853-4964

6 SUBMISSION OPENING

Submissions will be publicly opened and recorded on **Monday, 08 June 2026 at 10:00 am** at the Municipal Office. Staff will review the proposal, and the successful candidate will be presented at the Special Council Meeting on **Monday, 15 June, 2026**

7 AMENDMENT AND WITHDRAWAL OF SUBMISSION

Requests for withdrawal of submission shall be allowed if the Request is made before the closing time for the contract to which it applies. Requests shall be directed to the Lead Person by letter or in person, by a Senior Official of the company, with a signed withdrawal confirming the details. Telephone requests shall not be considered. The withdrawal of a tender does not disqualify a bidder from submitting another tender on the same contract.

8 ADDENDUMS

The Municipality may, at its discretion, amend or supplement the documents for this Request by addendum at any time before the closing date for receipt of Proposals. Changes to the requested documents shall be made by ADDENDUM ONLY. Such changes made by addendum shall be supplementary to and an integral part of the Request. All addenda must be signed and included in the final submission acknowledging all addenda issued by the Municipality. While the Municipality will endeavor to notify prospective Proponents of the issuance of an addendum, the Municipality assumes no liability for the notification, and it is the responsibility of each Proponent monitor and determines whether any addenda has been issued by the Municipality.

9 SPECIFICATIONS AND SCOPE OF WORK

9.1 INTRODUCTION

The Municipality of Markstay-Warren (herein after referred to as the Municipality) is requesting Tenders for the inspection of municipal structures including Bridges and Culverts over 3m. The Municipality is also seeking additional services related to the maintenance of Bridges and Culverts. The current listing of structures has a few structures requiring multiple inspections per year, and the Municipality is looking to retain engineering services to progress the bridge works on the list requiring repair and maintenance within 5 years.

The OSIM inspection includes 14 bridges and 19 Culverts within the Municipality. The list of structures and key details is included in Appendix A. A map of the structures is available in Appendix B.

9.2 QUALIFICATIONS

All bidders must be qualified to undertake the required work. For OSIM inspections, the proponent must be registered under the MTO Registry, Appraisal and Qualification System. Inspectors must have taken the Good Roads Course: Bridge and Structure inspection.

To meet this requirement, include your MTO RAQS approval letter and category listing. Include a certificate of completion from Good Roads for the Bridge and Structure Inspection course.

9.3 WORK BREAK DOWN STRUCTURE

9.3.1 Inspection of Structures within the Municipality of Markstay-Warren

The Consultant shall undertake biennial inspections of all bridges and culverts with a span greater than 3 metres that are under the jurisdiction of the Municipality of Markstay-Warren in accordance with the requirements of the Ontario Structure Inspection Manual (OSIM) and applicable Ministry of Transportation Ontario (MTO) standards.

The inspection shall include:

- Visual inspection of all structural elements including deck, superstructure, substructure, bearings, barriers, railings, abutments, wingwalls, and foundations where accessible.
- Inspection of culverts including headwalls, barrels, invert conditions, end treatments, and associated erosion protection works.
- Inspection of watercourse conditions affecting the structure including evidence of scour, erosion, debris accumulation, and channel stability.
- Review of previous inspection reports and verification of previously identified deficiencies.
- Identification and documentation of structural deficiencies, deterioration mechanisms, and safety concerns.
- Estimation of condition ratings for each element in accordance with OSIM guidelines.
- Measurement and documentation of key defects including cracking, section loss, spalling, deformation, corrosion, and settlement.
- Documentation of any conditions requiring immediate attention or load restrictions.

The Consultant shall ensure that inspections are completed by inspectors qualified in accordance with OSIM requirements.

9.3.2 Report including pictures of the structures

The Consultant shall prepare and submit a comprehensive inspection report for each structure inspected.

Each report shall include:

- Completed OSIM inspection forms and element condition ratings.
- A written summary describing the general condition of the structure.
- Identification of deficiencies and deterioration mechanisms.
- High resolution colour photographs documenting overall structure condition and specific deficiencies.
- Annotated photographs identifying locations of defects where appropriate.
- Recommendations for corrective actions where deficiencies are identified.
- Updated inventory information where required.

Reports shall be submitted in both digital (PDF) format and editable format compatible with municipal asset management systems where applicable.

All photographs shall be clearly labelled with:

- Structure identification number
- Element inspected
- Date of inspection
- Description of deficiency

9.3.3 Capital Improvements Schedule

The Consultant shall develop a capital improvement schedule for the Municipality's bridge and culvert inventory based on inspection findings.

The schedule shall:

- Identify structures requiring rehabilitation, major maintenance, or replacement.
- Provide preliminary prioritization of works based on condition ratings, structural risk, and operational importance.
- Include planning horizons for:
 - Immediate (0 to 2 years)
 - Short term (3 to 5 years)
 - Medium term (6 to 10 years)
 - Long term (10 years and greater)
- Provide order of magnitude cost estimates for recommended capital works.
- Identify potential funding eligibility under provincial or federal infrastructure programs where applicable.

The capital improvement schedule shall support the Municipality's asset management planning and long term financial planning.

9.3.4 Recommendations for future bridge maintenance activities

The Consultant shall provide recommendations for ongoing bridge maintenance activities to extend the service life of municipal structures.

Recommendations may include:

- Deck sealing and waterproofing
- Joint repairs or replacement
- Drainage improvements
- Localized concrete repairs
- Steel cleaning and recoating
- Bearing maintenance
- Erosion protection and scour mitigation
- Vegetation control and debris removal
- Minor structural repairs

Where possible, maintenance recommendations shall include:

- Estimated timelines
- Suggested maintenance frequencies
- Approximate cost ranges
- Identification of work that may be completed through municipal operations versus specialized contractors

9.3.5 Accelerated OSIM inspections on Aged Structures

The Municipality requests services for the inspection of structures identified as requiring an accelerated frequency of inspections. The Municipality currently has 6 structures with recommended accelerated inspection frequency of 6 months.

9.3.6 Engineering Services for Bridge Rehabilitation and Replacement

Where inspection findings identify structures requiring significant rehabilitation or replacement, the Municipality is interested in retaining the following Engineering services.

These services may include:

- Detailed structural condition assessments
- Structural analysis and load capacity evaluation
- Development of rehabilitation strategies
- Preliminary design concepts for rehabilitation or replacement
- Cost estimates for rehabilitation and replacement alternatives
- Identification of permitting or regulatory requirements
- Assistance with grant or funding applications where applicable

The Consultant may be requested to provide additional engineering services under separate authorization including:

- Detailed design
- Preparation of contract documents
- Tendering support

- Construction administration
- Field review services

10 ASSUMPTIONS AND CONSTRAINTS

The Municipality will not be held liable for any errors or omissions in any part of this Request. The information contained herein is supplied solely as a guideline for responding Proponents. The information is not guaranteed or warranted to be accurate by the Municipality, nor is it necessarily comprehensive or exhaustive. Nothing in the Request is intended to relieve Proponents from forming their own opinions and conclusions with respect to the matters addressed in the Request. Should the Municipality be contacted, no oral explanation or interpretation will modify any of the requirements or provisions of the proposal documents.

The successful Proponent will provide continuous and adequate protection of all work from damage and will protect the Municipality's property from injury or damage arising from or in connection with this work. The successful Proponent will make good any such damage or injury.

The successful Proponent will employ only orderly, competent and skillful employees to ensure that the services are carried out in a confidential and respectable manner.

The successful Proponent will ensure all services and products provided in respect to this proposal are in accordance with, and under authorization of all applicable authorities, municipal, provincial and/or federal legislation.

The successful Proponent will, throughout the term of the contract, obtain and maintain in force a General Liability Insurance of not less than \$2,000,000 (per occurrence) inclusive, to indemnify and hold harmless the Municipality of French River against any liability for property damage or personal injury, including death which may arise from the Proponent's operations under this contract; and/or The successful Proponent will be required to provide Professional Liability Insurance coverage in the amount of not less than \$2,000,000.00 per occurrence.

The successful Proponent and its employees may have access to information confidential to the Municipality. This information may include, but is not limited to, terms of this agreement, business methods and systems, contractual terms, pricing, personal information, etc. subject to disclosure by force of law, the successful Proponent agrees that it and its employees who have access to this information will not either during the term of the agreement or at any time thereafter reveal to any third party any of this confidential information or use in any way, whether on the successful Proponent's behalf or on behalf of any third party, any such information

The information, reports, documentation, plans, etc. that are a product of this award by the successful Proponent, will become the exclusive property of the Municipality of Markstay-Warren.

11 TERMS AND CONDITIONS

11.1 RELATING TO THE SUCCESSFUL CANDIDATES:

- **Contract** - The successful Proponent may, within ten (10) days after being advised that they are the successful Proponent, execute a contract in duplicate to the Municipality.
- **Notice of Acceptance** - Notice of acceptance may be made by fax or telephone, with written confirmation of same to follow, to the successful Proponent at the number given by the Proponent.
- **Payment** - Shall be made upon receipt of invoice following the receipt of the product (net 60 days) with completion of the work to the satisfaction of the Municipality.
- **Price** - The Proponent shall abide by the total price stated in the submission document. No further payments beyond the contract amount will be made for any additional services required to provide a satisfactory deliverable. If additional requirements are requested by the Municipality beyond the original scope of work described in this Request, the cost of these services would be negotiated between the Municipality and the company that has been selected to perform the work. Any additional work will only be undertaken based on a request in writing from the Municipality of Markstay-Warren.
- **Change Orders** – Change orders may be issued on the contract as negotiated between the Municipality and the proponent. Change orders can be used to request additional services or to allow for modifications for unforeseen circumstances. The unit rates shall be those agreed to through the financial proposal.
- **Termination** - The Municipality reserves the right to immediately terminate the contract for sufficient cause, including but not limited to such items as non-performance, late deliveries, inferior quality, pricing problems, unprofessional behaviour as outline in our contractor code of conduct, etc.
- **Public Record** - Any personal information required on the proposal form is received under the authority of the Municipality. This information will be an integral component of the quote submission. All written proposals received by the Municipality become a public record; once a proposal is accepted by the Municipality, and a contract is signed, all information contained in it is available to the public including personal information.
- **Conflict of Interest** - Proponents shall immediately disclose to the official point of contact any potential or real conflict of interest whether direct or indirect in nature as it may relate to the Municipality, its elected officials, officers, employees and/or the present Bid Solicitation. Where, in the Municipality's opinion, a significant conflict of interest is found to exist and cannot be sufficiently mitigated, the Municipality reserves the right to disqualify the Proponent from participating in the Bid Solicitation.

12 HEALTH AND SAFETY

General: Contractor must comply with the Occupational Health and Safety Act (OHSA), the Regulations for Construction Projects, the Municipality of Markstay-Warren safety policy and as well as complying with the prescribed requirements legislated in the Regulations for Industrial Establishments.

Competent person: Contractor is responsible using their training, knowledge and experience to protect the health and safety of their workers and others, reporting to their supervisor the absence of, or defect in any protective equipment or device, and reporting to their supervisor, any circumstances or conditions that may limit their ability to comply with the requirements of the OHSA and the Municipality of Markstay-Warren Safety policy.

Equipment & tools: All equipment and tools used by the contractor shall conform to Canadian Standards Association (C.S.A.) or manufacture specifications. The Municipality of Markstay-Warren reserves the right to prohibit the use of any equipment and methods or practices that do not conform to acceptable standards. Defective equipment and tools shall be removed from the work site premises immediately.

P.P.E.: All workers must wear appropriate C.S.A. approved eye protection, hearing protection, C.S.A. approved hard hats, C.S.A. approved foot protection and C.S.A. approved gloves at all time while working on the job site.

Fall protection: Safety harness and lanyard are required by anyone working more than 3 meters above a surface. The safety harness must be secured to a fixed support so that a worker cannot fall more than five feet. Proof of certification shall be submitted before starting any work at height.

WHMIS: No hazardous material is to be stored or used on work site by the contractor unless the prescribed requirements concerning labelling material safety data sheets (MSDSs) and worker instruction and training are met.

MSDS: Material safety data sheets for all hazardous products shall be kept on site.

Weekly safety meetings: Contractor shall conduct weekly safety meetings with their workers and identify concerns or potential hazards on the job site. Weekly safety meeting shall be signed by all workers and a copy of the safety meeting shall be submitted to the contract administrator weekly.

Proof of training: The contractor shall submit within five (5) calendar days after the contract award, copies of WHMIS, copies of health and safety awareness, first aid certificate and certificates pertaining to the work being done for all workers working on the job site.

Reporting: Contractor must report immediately to the contract administrator all workplace incidents, near misses, injuries and illnesses and environmental damages. Contractors shall also report accidents/incidents to the ministry of labour or any other appropriate authority required by legislation.

Supervision: Contractor shall comply with OHSA regulations.

Health & Safety Station: Contractor shall provide at all time a dedicated station for workers to have access to the contractors' H&S manual, the emergency response plan, the OH&S Pocket book, MSDS sheets, WSIB information, Eye wash stations and emergency aid kit.

WSIB: Prior to commencement of any work herein, the successful Proponent shall provide the Municipality with a current WSIB Clearance Certificate within five (5) days of contract award. The successful Proponent shall maintain it good standing and shall provide the Municipality current Certificates of Clearance when requested.

13 CONTRACTOR CODE OF CONDUCT

13.1 GENERAL POLICY STATEMENT

The objective of the Municipality of Markstay-Warren is to be a fair and progressive employer, consistent with its responsibilities to all citizens of the municipality. The municipality is an equal opportunity employer and does not discriminate in the hiring process on the basis of race, ancestry, place of origin, colour, ethnicity, citizenship, creed, sex, sexual orientation, age, marital/family status or disability. Employment decisions are based on an individual's qualifications and competencies focusing on skills, training and overall ability to perform the work.

The Municipality recognizes its obligations under provincial and federal statutes concerning human rights, fair employment practices and statutory and constitutional requirements.

* For dates of policy amendments, see last page of manual

The Contractor Code of Conduct is based on the relevant sections of the employee code of conduct. It is expected that contractors conduct themselves in a professional manner when representing the Municipality in their work.

13.2 APPLICATION

Policies in this manual apply to all contract staff.

13.3 DEFINITIONS

13.3.1 Contract Staff

Contract staff are those employees who are hired under a written contract of employment.

13.4 DISCIPLINE (WARNING PROCEDURE)

13.4.1 Responsibility for -

The contract point of contact is responsible for communicating any complaints with the contractor.

13.4.2 Warning Procedure (Progressive Discipline)

In all, but extreme cases, a warning procedure must be followed.

13.4.3 Informal warning

The contract point of contact shall tell the contractor of the nature of the problem and offer help in its solution. A date should be set for a review of progress. A written summary is not necessary except where there is the potential of further disciplinary action being necessary.

13.4.4 Formal warning

This should take place on the date set in section 8-2-1. The department head should stress the seriousness of the situation and note future consequences if there is no improvement. A new review date should be set and help offered once more. Unless it impedes problem-solving, another staff member should be present as a witness.

Immediately after the interview, the department head must write a summary of the proceedings noting the date, steps to be taken by both sides and the consequences discussed. Copies must go to the employee and his/her personnel file.

5 TERMINATIONS

Terminations shall be as agreed upon in the contract. Failure to act in accordance with this code of conduct shall be reasonable grounds for terminating the contract.

13.5 SMOKING ALCOHOL AND DRUGS

13.5.1 Smoking

Refer to the Municipal Smoking by-law provisions. Contractors on Municipal business should treat all work sites as smoke free zones. They should refrain from smoking on private lands where they are undertaking work.

13.5.2 Alcohol/Drug Use

A contractor working on Municipal business shall not be under the influence of Alcohol or Drugs.

13.6 RULES OF CONDUCT

13.6.1 Policy Statement

The municipality believes that most employees will act fairly and reasonably at all times. Accordingly, it is for the protection of that majority that the rules of conduct set out below are published. Breaches of these guidelines or other acts against municipal or employee interests will result in disciplinary action, including suspension and termination.

13.6.2 Prohibited Activities

The following activities and practices are strictly prohibited and will result in immediate and serious disciplinary action, up to and including termination:

- a) Reporting to work or working in an intoxicated state or using illegal substances during working hours.
- b) Removal from the premises of municipally-owned items or items owned by other employees without specific permission.
- c) Physical or verbal abuse of, or threats towards other employees (see also Sexual Harassment)
- d) Flagrant disregard of municipal safety rules.
- e) Being convicted of a criminal offence related to the employee's work or being unable to work for an extended period because of any criminal conviction.
- f) Willful and malicious damage to municipal and private property.
- g) Serious violations of the Ontario Human Rights Code.
- h) Violation of other policies in this manual, the result of which could be serious damage to the Municipality's interests or reputation, or injury or significant loss to another employee, councilor or the public.

Nothing in the above policies prevents the Municipality from implementing disciplinary measures for activities, which, while disruptive, do not meet the criteria for prohibited practices.

13.7 SEXUAL HARASSMENT

13.7.1 Policy statement

The Municipality will not permit harassment of any employee or contractor for sexual or other purposes. Proven harassment will result in disciplinary action up to and including termination.

13.7.2 Definition

Sexual harassment is defined as unwanted or uninvited personal attentions to a contractor in order to obtain sexual favours or the undue emphasis on sexual behaviour or characteristics by an immediate supervisor or co-workers to the point where it interferes with job performance.

13.7.3 Complaints

A contractor wishing to file a complaint of sexual or verbal harassment can use the Municipality's Appeal Procedure.

Should use of the Appeal Procedure be inappropriate, the contractor may bring the complaint to the CAO/Clerk or, if that is not suitable, directly to the Council. In either case, the matter will be investigated and resolved as soon as possible.

All issues raised under this section will be kept confidential and no individual will be penalized for making a legitimate complaint.

13.8 DRESS CODE

The Municipality expects a standard of dress and grooming from contractors that is reasonable and appropriate under the circumstances.

13.9 SLANDER

13.9.1 Purpose

The Municipality of Markstay-Warren is adopting this policy to ensure that all employees are aware of their obligation to act in the best interests of the organization and to demonstrate the values, goals and ideals of the Municipality at all times.

13.9.2 Policy

Contractors, volunteers and students are strictly prohibited from posting negative, slanderous or libelous information regarding the Municipal employees, volunteers, students, clients, organization practices, or the organization in general by any means (e.g. Blogging, Facebook, Twitter, etc....)

Non-compliance with this policy will result in corrective action or discipline, up to and including dismissal, termination of contractual agreements, termination of placement and/or legal action.

14 SELECTION CRITERIA

A combination of quality, experience and price will determine a successful firm. The following Rubrick will be used to score submissions. Note: bids that do not completely address the scope of work may be eliminated.

The Proponent's Technical Proposal	
Scope of Work	Qualification
The quality of the proposed product	30 pts
The timing of the project	20 pts
Any additional features or advantages uniquely proposed by the Proponent which the Municipality has not identified in the project deliverables or description	20 pts
The Proponent's financial proposal	30 pts

The Municipality of Markstay-Warren is not obligated to award the service contract to the lowest or any firm. The Municipality reserves the right to reject any or all proposals and to waive formalities as the interests of the Municipality may require without stating reasons. The Municipality will not be responsible for any liabilities, costs, expenses, loss or damage incurred, sustained or suffered by any Proponent by reason of the acceptance or the non-acceptance by the Municipality of any proposal or by reason of any delay in the acceptance of a proposal as well Any expenses incurred by the Proponent in the preparation of the proposal submission are entirely the responsibility of the Proponent and will not be charged to the Municipality.

15 REQUIRED DOCUMENTATION WITH BID SUBMISSION

As part of the bid submission, the contractor must supply the following documentation where it applies to the work they are completing:

15.1 FOR ALL PROPOSALS

- Signed copy of: **16 Declaration p-19**
- Completed copy of: **17 Bid Form - p20** (multiple bid forms may be submitted if multiple options are being presented)
 - **Provincial and Federal Taxes (H.S.T.)** - Tenders shall include applicable H.S.T. taxes. This tax shall be shown separate from the unit price. The Proponent shall include with the executed documents, at the time of submission, on company letterhead, notification to the Municipality of their H.S.T. Registration Number (if any)
- Other** - Proponents may include any additional information regarding their firm and/or services that may prove beneficial to the evaluation of the proposal. These would be provided in the form of appendices.

15.2 FOR ALL WORK PERFORMED BY PROFESSIONALS LICENSED UNDER A REGULATED TRADE OR PROFESSIONAL ORGANIZATION

- Organization's license number, identification of a copy of their license
- The licenses or license numbers of key individuals taking responsibility for the project
- For technical teams: The organizational structure and CV of team members

15.3 FOR ALL SERVICE WORK PERFORMED ON MUNICIPAL PROPERTY

- WSIB Coverage
 - Proof of active workers compensation in good standing OR
 - For individual contactors: a completed copy of the 'Determining worker/independent operator status questionnaire through WSIB which can be found at:
<https://www.wsib.ca/en/forms/determining-worker-independent-operator-status>
- Insurance
 - Proof of \$2,000,000 liability insurance

16 DECLARATION

Company:		
Name:		
Address:		
Phone	Fax	E-Mail

The Respondent declares:

- No person, firm or Municipality other than the Respondent, has any interest in this proposal or in the proposed services for this proposal;
- This proposal is made without any connection, comparison of figures or arrangements with or knowledge of any other Municipality, firm or person making a proposal for the same service and is in all respect fair and without collusion or fraud;
- No member of the staff of the Municipality of Markstay-Warren is, or will become interested directly or indirectly.
- The content and requirements of this proposal document have been read and understood.
- The prices set forth in this Quote Form include full compensation to furnish all labour, equipment, materials and supplies and transportation necessary or incidental to completing the work in strict accordance with said documents.
- All prices are quoted in Canadian funds.
- **All or any proposals not necessarily accepted.**
